

WIJNPAAL

short manual

Install the Wijnpaal in a few simple steps!

Step 1

Measure the height of the ceiling and order online

Step 2

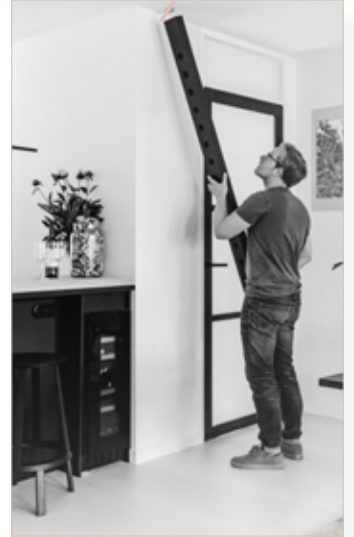

Screw the plug into the ceiling.

Step 3

Install the block with the screw into the plug and put some of the installation-glue on it.

Step 4

Put the Wijnpaal over the wooden block and make sure the Wijnpaal is installed water level. Add a little bit of the glue on the floor side for proper installation.

With the delivery of the Wijnpaal you will receive a digital extended manual.
